SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Regional EOC	Coastal Regional EOC	Southern Regional EOC
Level 1	MRCC	MRCC	MRCC

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated March 2, 2020, at 0700 hours, in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. All Cal OES Regions are providing staff to the Cal OES Multi-Regional Coordination Center (MRCC) in support of statewide operations. The MRCC is a consolidated activation of all CalOES Regional Emergency Operations Centers. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- FEMA-4482-DR-CA
 - On March 22, 2020, President Trump approved Major Declarations FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.
- Executive Order N-33-20
 - On March 4, 2020, the California State Public Health Officer and Director of the California Department of Public Health (CDPH) ordered all individuals living in the State of California to stay home or at their place of residence, expect as needed to maintain Continuity of Operations of the federal critical infrastructure sectors.
- Global Health Advisory
 - On March 19, 2020, the U.S. Department of State issued a Global Health Advisory at Level 4 (Do Not Travel) due to the global impact of COVID-19.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 1000 Hours on May 26, 2020:

- 5,637,803 (+86,497) Total confirmed cases in 213 countries.
- 349,301 (+1,320) Total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 1100 Hours on May 26, 2020:

- 1,662,414 (+24,958) Total confirmed cases.
- 98,261 (+592) Total deaths.
- Numbers reported on Saturdays and Sundays are preliminary and not yet confirmed by state and territorial health departments. These numbers will be modified when numbers are updated on Mondays.
- Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.

SITUATION SUMMARY

Phase II Activation of the Heat Contingency Plan

Phase II actions of the California Heat Contingency Plan are taken as a result of the National Weather Service's issuance of Excessive Heat Warnings with poor overnight recovery for an Operational Area over a period typically three or more days.

• Phase II of the Heat Contingency Plan has been activated through Thursday, 05/28/20, due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions.

Per the National Weather Service (NWS):

- An Excessive Heat Warning is in effect through Thursday evening over much of the Sacramento and Central Valleys, and through Friday for portions of Southern California.
- In addition to the Excessive Heat Warnings, Heat Advisories are in effect for surrounding areas with high temperatures forecast to range from 90 to 104 degrees across most inland areas.
- · High chance for heat stress or illnesses to people or animals.
- Area waterways are running very cold and fast, increasing risk for hypothermia and water rescues.

WEATHER KEY POINTS 05/26/20 - 06/01/20

Tuesday-Thursday

- Temperatures will increase through the week, with Wednesday and Thursday as the hottest days. Temperatures will reach 10 to 20 degrees above normal, causing moderate to high heat impacts for heat-sensitive groups. Heat impacts are also possible for the general population Wednesday and Thursday, especially across inland CA.
- Hottest anticipated temperature ranges:
 - Interior portions of the San Francisco Bay Area and interior portions of the Central Coast: Highs 90-104.
 - The San Francisco Bay shoreline and Santa Cruz County coast: Highs upper 80s and lower 90s.
 - San Francisco Downtown/Bayside: Highs lower 80s
 - · San Francisco Pacific coastal side: Highs mid 70s.
 - San Luis Obispo County Interior Valleys, including Salinas River Valley: Highs 92-104.
 - Sacramento Valley, Carquinez Strait and Delta, Northern San Joaquin Valley, Western Colusa County, Northeast Foothills, Motherlode: Highs 95-107.
 - Shasta County and Lake Area: Highs 95-103.
 - Lake County, Mendocino Interior, Sierra Nevada Foothills: Highs 93-100.
 - San Joaquin Valley and West Side Hills: Highs 103-107.
 - Antelope, Apple, and Lucerne Valleys: Highs 100-105.
 - San Diego County Deserts, Coachella Valley and San Gorgonio Pass Near Banning: Highs 110.
 - SE & Southern CA, including Barstow and Needles: Highs 104-114.
 - Death Valley National Park: Highs 115-120.
- Inland areas and areas across southeastern CA will see morning low temperatures in the mid 60s to mid 70s, which is 10-20 degrees above normal.
- Isolated to scattered showers and thunderstorms are possible over the Sierra.

Friday-Monday

- Heat will extend into southern and southeastern CA through Friday, with cooler temperatures across the remainder of the state.
- There is a chance for showers and isolated thunderstorms across northern CA late Friday through Saturday.

Cal OES MISSION TASKING

Cal OES Missions

Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
